

Matheny Goldman

Category:
Commercial

Location:
Huntsville, AL

Matheny Goldman was retained to provide a new aesthetic for a casual family-friendly pizzeria, Pane e Vino, located within the Huntsville Museum of Art. The restaurant overlooks the Big Spring International Park with waterside green space and nearby walking paths. MGA+I successfully expanded the dining capacity with the addition of a newly covered open-air patio. The interior atmosphere took on a fresh and vibrant dynamic with the addition of wood-look porcelain tile flooring, white sculpted modular wall panels, new lighting, and a colorful banquette. New furnishings in bright white, chrome metal, and neutral wood tones bring a bright, sculptural quality to the space.
